

Health Insurance

Information for Part-time Students

Date: _____

The DeVry University Health Insurance Policy states that all fulltime students are required to purchase health insurance under the Group Health Plan unless proof of comparable coverage is furnished to the Student Finance Office. All registered part time students taking at least 6 credit hours are eligible to enroll in the insurance plan on a voluntary basis. All part time students taking less than 6 credit hours are not eligible for this insurance coverage.

I, _____, am a part time student and do not choose to purchase the Health Insurance Plan provided by DeVry University. I do, however, understand that if at anytime, I decide to register for fulltime status, I will be required to purchase the health insurance under the Group Health Plan unless I show proof of comparable coverage.
