I am requesting approval to take the following courses(s) at the College/University indicated in place of the specified DeVry University course(s):

DeVry University Course No.		Transfer School Course No.		Transfer School

(Course descriptions from the transfer school may be requested.)

Approval is based on DeVry's current curriculum requirements. Acceptance of transfer credit will reduce the number of courses and consequently the hours of enrollment. This may affect a student's Financial Aid eligibility.

A letter grade of "C" or better is required for acceptance of credit. There are limitations on the number of credit hours that maybe transferred in from other colleges or universities. Transfer credit counts as hours towards graduation; it will neither raise nor lower a student's grade point average. <u>An official transcript must be submitted to the Registrar in order to receive credit.</u>
