DeVry University
Undergraduate Resumes/Transfers Enrollment Agreement Addendum

DeVry students who leave their program for one or two semesters or who transfer to another program or DeVry location must sign this addendum prior to resuming or transferring. Students who leave the program for 3 or more semesters will be asked to execute a new agreement prior to resuming. Students who have signed an enrollment agreement prior to a tuition increase sign this addendum at registration to acknowledge receipt of notification of the increase.

This document amends the original agreement in the area(s) checked below. The remaining conditions of the original agreement are still in effect, except in the instance of location transfers, where tuition and policies of the receiving location will apply. Students from states with more favorable cancellation/refund policies will receive the most favorable refund in the event of withdrawal.
